PICTURE IDENTIFIED AS FOUNDER  
OF PUBLIC LIBRARY

The picture in last week's Town Crier has been positively identified as being that of Charles W. Swain, founder of the Public Library of Wilmington, and will be turned over to the Public Library as soon as possible.

Identification was positively made by his daughter, Miss Mary G. Swain, and also by several of the grand nephews and nieces of Mr. Swain.

Mr. Swain, who was one of the Wilmington soldiers in the Civil War started the Library in the back of the Town Hall about 1876. He was the first Librarian, and remained as a Trustee of the Public Library as long as his health permitted. He also served on the School Committee, and was Town Treasurer, and started the Gowing Family association, of which he was the first secretary.

Charles Swain had three daughters, Caroline, Henrietta, and Mary (called May). Caroline and Henrietta taught school in Wilmington for many years, and it is they for whom the Swain School was named. Mary is now living in Woburn.

The picture of Mr. Swain had been given by Mary to the Trustees of the Library, of which the late Louis McMahon was one. It is believed that he had plans to have the picture reframed, at the time of his sudden death several years past, and his heirs were not sure as to just who the person was in the picture and they turned it over to the Town Crier to identify.

It will now be returned to the Library.

**Telegram to WHA Promises Aid**  
A telegram from Congresswoman Edith Nourse Rogers, read at the meeting of the Wilmington Housing Authority, Tuesday evening promised all possible assistance to assure speedy action of the processing of Wilmington's request for Urban Renewal Funds, now being acted upon, in Washington D.C.

Wilmington originally asked, one year ago, for a sum of \$62 thousand for urban renewal in Wilmington Square. The town approved in Town Meeting a year ago this March.

Delays of one kind or another occurred so that the application was not submitted to Region One Urban Renewal Headquarters until last August.

The approval of the New York authorities was granted on March 14th., but because of changes made during the delay period the sum of money which is being approved is less than that which was asked for. It is not known just how much money was approved but it is understood to be in excess of \$50,000.

The application was sent to the National headquarters of the Urban Renewal on March 21 by the New York office.

Shortly afterwards Mrs. Rogers learned of the application being in Washington, and has promised her personal interest in seeing that it is approved as soon as possible.

### ALAN FENTON APPOINTED TO WHA BY STATE

Alan Fenton, Fairmeadow Road, former member of the Wilmington Housing Authority has been reappointed to the board, this time as the State Member.

Announcement of the appointment was made at the Selectmen's meeting Monday night.

Mr Fenton was appointed for a five year term, ending March 24, 1963.

### SMITH REELECTED CHAIRMAN OF WHA

William Agreeable Smith of West Street was re-elected chairman of the Wilmington Housing Authority, in a meeting held Tuesday evening.

### CALABRESE APPOINTED ACTING TOWN MANAGER BY SELECTMEN

Fred Calabrese, Acting Town Manager of Wilmington by virtue of his appointment by Joseph Courtney two weeks ago was appointed Acting Town Manager by the Board of Selectmen last Saturday evening. Salary was set at \$144.25 per week.

### OLIVE SHELTON APPOINTED ACTING PRINCIPAL ASSESSOR

Mrs Olive Sheldon, Assessor of Wilmington has been appointed Acting Principal Assessor, by Fred Calabrese, Acting Town Manager. The appointment was made Tuesday afternoon.

### NEW PROPOSALS FOR GRAVEL PIT

New proposals were made Monday evening by Atty Simon Cutter, and Mr. Allen, Engineer, for the firm that seeks to have a gravel pit near the construction of Interstate Route 93.

After having discussed their proposals with George Maynard, Town Engineer, the plan was submitted to the Selectmen and accepted by them as a plan, on motion of Selectman Nicholas DEFelice.

The new plan would encompass an area of about 25 acres, in which a grade would be estab-

lished of 110 feet above sea-level, which grade, the Selectmen were told, was about 20 feet above the present level of West Street.

A gradient of 'four to one' would run towards Woburn St., and all material, including rock if any above this gradient would be removed.

Messrs Cutter and Allen stated that they would meet any bond requirement, to guarantee their good faith and work, and suggested one of \$30,000, three times the amount stipulated as minimum in the gravel regulations of Wilmington.

They were also willing to consider working on an area south of the proposed pit, if an agreement could be made with two individuals who are disputing ownership. This was not evidently a desire to enlarge their work area, but to please the Selectmen by grading the terrain.

West of the proposed pit, a hill, apparently owned by Mr. Masterine of Revere exists. This hill was excluded from the area under discussion. The proposal was to stop about forty feet short of a property line near the hill, and grade according to specifications of the Town Engineer.

The two gentlemen were told that the matter would be con-

### STATE CALLS FOR BIDS ON NEW HIGHWAY

Two important state highway links worth an estimated \$12 million will be under construction this spring. State Public Works Commissioner Anthony DiNatale has stated in a report to Governor Furcolo.

In Wilmington a three mile section of Interstate Route 93 (relocated 28) will cost an estimated \$6, million, 90% of which will be paid by the Fed-

## CALL FOR BIDS FOR HIGH SCHOOL ADDITION

### SEPTEMBER DEADLINE FOR CONSTRUCTION

Bids for the construction of the last addition to the Wilmington High School have been called for, by the School Building Committee. An April 15th deadline has been set for the returns.

The \$400,000 addition, designed to add 16 rooms to the present building has been designed by Sturgis and Associates of 120 Boylston Street, Boston. The rooms will be the equivalent of twenty rooms in size, several of them being 'double' rooms, intended for future science rooms and libraries when the school eventually becomes a Senior High School only.

Work is expected to begin within the week after the bids are opened, and it is planned to have the new addition finished by the first week in

September.

News of the coming bids was given to the School Committee Monday evening. Because of the possibility of not having the contract finished in time for the opening of school, the school committee has adopted an alternative plan, for the coming school year, which is not to be used except in case of necessity, but which would have Wilmington enjoying the doubtful privileges of 'double sessions' in school.

Tentative placement, next fall, assuming that the High School is ready, would see 94

## OUR TAX RATE

We have arrived at the point today where we  
believe that Wilmington has reached the zenith  
as far as tax rates are concerned, for the next  
several years. In other words, it is our belief  
that our tax rate, this year, will be the high-  
est it will be for some couple of years anyway.

As was indicated at the time of the Town  
Meeting, our tax rate this year may be as high  
as \$68.50. It probably will not be this high,  
but it will be over \$66.00.

This year we made two significant steps in  
our town meeting, both of which had to be done  
sometime or other, and both of which cost money  
-- namely the advance in salaries for our  
school teachers, and the purchase of a Ladder  
Truck for the Fire Department. Because of this,  
our tax rate is jumping this year - but we re-  
gard this jump as temporary.

If we could have held off the increase in  
salaries for another year we would have been in  
a better position to stand the impact - like-  
wise we would have been in a better position if  
we had waited another year for the Ladder Truck

TIME Magazine, last week, stated that Wil-  
mington would be getting a minimum of \$180,000  
in taxes from the new AVCO plant.

TIME Magazine was being conservative, not  
too conservative perhaps, but the figure should  
be larger than that.

AVCO's declared valuation, as far as con-  
struction costs are concerned, is \$6,900,000. If  
we assume, as perhaps TIME did, that \$900,000  
is for grading, then \$6,000,000 is for con-  
struction. Half of this, at our standard for-  
mula for assessing, is \$3,000,000, and this  
multiplied by a \$60 tax rate gives the sum of  
\$180,000 - the figure that TIME used.

It is our belief that when AVCO finishes  
construction their figures will be over the  
\$6,000,000 figure. Just how much over will be  
anyone's guess, but a figure of over \$200,000  
can probably be taken for the tax figure of the  
plant as it is presently being built.

Of course, we are not getting \$200,000 this  
year - the plant was only about half done on  
the first day of January. If it was half done  
the figure would be about \$100,000, but that is  
still a question.

And we spent the money, as though we had it.  
\$100,000 plus for increases in school costs,  
and \$38,000 for the Ladder Truck make a serious  
impact in the town's finances.

But next year, and the year afterwards, it  
should be a little more comfortable.

The full impact of AVCO will be felt next

They watch each dime and dollar,

And when they go, they holler.

They don't want taxes taller.

(Their problem is no breeze.)

The budgets that we glance at

These buzzards look askance at;

They never take a chance at

Financial mysteries.

Officials, they're all fretting,

year, plus the impact of the new homes, so that  
our valuation should be able to take care of  
the routine increases which may be expected. The  
money from the new homes is, of course, sort of  
a chimera, because eventually there are child-  
ren who must be educated, and there is such  
things as extra police and fire protection, to  
mention a couple of items.

In the routine increases for next year we  
are looking forward to some \$40 to \$80 thousand  
increase for the schools, because of new tea-  
chers, and a much smaller increase in other  
town expenses - all of which we think will be  
absorbed by the increased taxes from AVCO.

In the year after that we will have to start  
paying for the addition to the High School just  
voted, and perhaps for the new Glen Road School  
not to mention the Police Station, which will  
be a negligible cost. It isn't easy to look  
ahead two years, but it should be possible to  
maintain the present tax rate, or perhaps a  
slightly lower figure for the two years.

And by that time we should be feeling the  
impact of the industry that should locate on  
Interstate Highway 93.

## SCHOOL HOURS

People of Wilmington can look forward to a  
change in school hours next year.

No one can say just what the changes will be  
least of all the School Committee, which, one  
of these days must sit down to the hard work of  
tackling the subject.

There is thought of increasing the school  
hours, or lengthening the school year, so as to  
derive more advantage from the buildings. Lead-  
ing in this, perhaps, is Dudley Buck, the pre-  
sent chairman of the school committee.

Some of the problems in this phase were ably  
discussed a week ago, in the High School, when  
John Bradford Davis, Jr. of the New England  
School Development Council spoke to the PTA.

But scholastic problems are not the only  
reason why the Wilmington Public Schools might  
change their school hours.

Our state legislature, at the behest of the  
school teachers of Boston have passed a law  
which requires that a teacher have a full half-  
hour, uninterrupted, for luncheon.

## TOWN NOTES

### Time's Reporting

Our faith in one of America's  
institutions has been shat-  
tered. For decades it would  
seem, we have always regarded  
TIME magazine as a careful  
news reporter, one that always  
triple and quadruple checks  
its facts.

After the paragraph about  
Wilmington was another para-  
graph about a Mr. Hanson of  
Woburn, and his gas station,  
last week.

The gas station is on the  
Woburn-Reading line, and his  
moving the gas station is due  
to action of the Town of Rea-  
ding, not as suggested by TIME  
Mr. Hanson had what is known  
as a non-conforming use, for  
his business, meaning that it  
had been there many years be-  
fore the zoning laws went into  
effect, and the relocation of  
the town's highways, not the  
relocation of Interstate High-  
way 93 was the move that  
threatened to put Hanson out  
of business.

But his friends and neighbors  
rallied, and called all the  
Town Meeting members of Rea-  
ding by telephone, and succeed-  
ed in having a special rezon-  
ing made, just for his gas  
station.

As relocated he will still be  
on the town road, not on 93.  
He is, of course happy, be-  
cause he will still be in bus-  
iness.

### Redundancy

Maybe a newspaper isn't in  
a position to chuckle over an  
example of redundancy by a  
another newspaper, but we are  
enjoying one made by no less a  
person than 'Red' Chaplin,  
Chief of the Information and  
Education section of the State  
Department of Fisheries and  
Game.

In a release sent to all  
Superintendents of Schools in  
Massachusetts Mr. Chaplin  
carefully explained that the  
fishing season begins on April  
19th, one hour before Sunrise.

But Mr. Chaplin had to say  
more - he made it, 'one hour  
before sunrise (EST)'

Tell us Red, what is the dif-  
ference between one hour be-  
fore sunrise Eastern Standard  
Time, Ethiopian Standard Time  
or any old Standard Time. Does  
the sun recognize time zones?

### Is Agreeable Happy?

William F. Agreeable Smith is  
a man who does snowplowing on  
the side, like he does many  
other things, including the  
wearing of green neckties and  
looking for arguments.

But he advertises his snow-  
plowing activities in this  
paper very faithfully.

Two weeks ago, not having  
seen Agreeable, we decided  
that he didn't want to run  
his ad any more. There was no  
snow, and no prospect.

You know the answer - a reg-  
ular blizzard.

Then last week the same  
thing happened. We didn't run  
the ad - and such a storm -  
put out the street lights and  
everything.

We are getting to the point  
that we are afraid to publish  
the paper this week, without  
that snowplowing ad.

### SNOW PLOW DAMAGED DOOR TO GARAGE

The garage door of Leon Das-  
zuta, 29 Wilson Street, North  
Wilmington was damaged during  
the weekend snowstorm by a  
highway truck which struck the  
garage while turning around.

The Selectmen, Monday night,  
agreed that Daszuta was en-  
titled to damages.

The new law goes into effect on June 2nd. Obviously there will have to be changes made if we are to observe the new law, and no one would suggest that we do not.

Probably the School Committee will not make any changes until the beginning of the next school year - but changes are coming.

Basically of course the question is not long or shorter school hours, but how can we best use the hours that are available, to give the best education to our children.

It is a problem which we believe our School committee is earnestly exploring.

#### CHANNEL TWO FOR WILMINGTON

Educationally minded people of Wilmington are of course aware of Channel 2, TV, which televises programs with no cowboys, or even Indians.

It is a unique station in New England, one which is educational in concept. Now it is to start televising its first in-school program, intended directly for consumption in the public schools.

47 communities (of which Wilmington is one) have developed and sponsored this program, which is produced by the Eastern Massachusetts Council for School TV in cooperation with WGBH-TV, (Channel 2). It will be administered by the Massachusetts Executive Committee for School Television, appointed by the Board of Education.

The new program begins tomorrow at 10:30 am. and will last for eight weeks. It consists of half hour elementary science programs. Parents who wish to see what their children are seeing in school can turn to the same channel, while at home.

Conducting the Science program will be Eugene Gray, consulting teacher in elementary science in Newton, and Norman Harris, Education Director of the Museum of Science. Two of the programs will originate directly from the Museum.

The spring program is but a forerunner of a full fall schedule. In September additional programs will cover the fields of social studies and citizenship, music and art, literature and drama.

#### SCHOOL CONSTRUCTION (cont. fr. Fr. Pg.)

classrooms fully occupied.

There would be the customary first six grades in the Wildwood School, one third grade, seven fourth grades, a fifth grade and a special class in the Swain School.

The Mildred Rogers School would have two first and two second grades, as would the Walker School. The West School would have a first grade, the Buzzell School two firsts, three seconds and one third grade, the Center School three thirds and a special class, and the Whitefield School two firsts, a second and a third grade.

All other pupils would be in the Senior-Junior High School according to the plan, there being five fifth grades, seven sixth grades, seven seventh graders and six eighth graders in addition to a special class and the High School students.

However, if when September comes around, if there has to be more than two weeks delay the School Committee is prepared to institute double sessions in the Swain and Wildwood Schools, with 24 classes being effected.

eral Government.

Eight travel lanes will ultimately move heavy traffic volumes north from Boston over the Wilmington section of Interstate Route 93. Bids for the new section will be opened on April 15th, with completion of the project expected two years later.

Commissioner DiNatale said that the Wilmington proposal

includes the construction of six bridges to carry the eight-lane, divided expressway over the B&M railroad, a brook, the Ipswich River, Concord Street and under relocated Park Street and relocated Route 62.

Each roadway will consist of two thirteen foot and two 12 foot travel lanes plus a ten-foot shoulder. The roadways will be separated by a forty-foot median strip for motoring safety.

Fifty percent of the total expressway will be under way when the work starts on the Wilmington section. Plans and studies are continuing to be developed by Massachusetts DPW engineers on other segments of the interstate route.

#### REP. DONAHUE POINTS OUT MANY CIVIL SERVICE POSITIONS OPEN

Many civil service positions in the Commonwealth of Massachusetts are open to persons willing to apply for them, Rep. Tom Donahue of Woburn has stated.

Among the positions which are now open, listed by Rep. Donahue is Senior Clerk at the North Reading State Sanatorium Junior Planner for the City of Boston Planning Board, Statistical Machine Operator for the Department of Public Works Welfare Worker, and various Stenographic Services in the Commonwealth.

Rep. Donahue has applications at his home 70 Pine Street, Woburn, and will assist any person who is interested in trying for a position in the Massachusetts Civil Service.

#### NO EXPENSES TO BE PAID TO TM CANDIDATES

The Board of Selectmen, now

starting to consider the applications of various persons for the Town Managership of Wilmington have voted that no travel expenses should be paid by the Town of Wilmington. The motion was made Monday night, by Mr. De Felice that no money had been so spent on the previous occasion, when a Town Manager was chosen.

Several candidates have submitted applications. It was decided Monday night that some time (forty five days was one figure mentioned) should elapse before the time would come when applications would no longer be received.

NEW WATER COMMISSIONER  
ARNOLD S. BLAKE, MIDDLESEX AVENUE, WHO HAS BEEN APPOINTED TO THE BOARD OF WATER COMMISSIONERS, TO TAKE THE PLACE OF RALPH BABCOCK, RESIGNED.

Dear Larz

Let me throw another log on the smouldering discussion anent the Veterans' Memorial. It can be safely assumed that this will not smoulder long, as already evidenced by the somewhat heated letters you printed last week.

Let us, by all means, provide a fitting memorial for our war dead. However, let us give a LIVING MEMORIAL, one that will increasingly enrich the memory of these veterans each passing year.

Mute stone, albeit carved with care and enshrined lovingly, soon becomes just another stone. Perhaps, even, an object of shameful vandalism. I propose a Veterans' Memorial Park for Little League. What better way to serve our present youth, and to honor our past youth, than such a living memorial?

Sincerely  
Gertrude Ingram

To the Voters of Wilmington:  
Out of forty-seven hundred registered voters in our Town, only approximately sixteen hundred people came to the polls to vote at the Town Elections on March 1. How can our Town be run efficiently and in the manner it should be if our own townspeople do not feel strongly enough about issues to elect our own representatives in the Town Government?

The time has come, we feel, when a non-partisan league of voters should be organized in the Town of Wilmington. If you are also of this opinion and wish to help us organize, please call OLiver 8-8213, or OLiver 8-2670.

Very truly yours,  
Nancy H. Clark

Dear Sir:

The preliminary plans of the new police station indicate that the town does not consider architecture as an expression of progress. It looks like the model home for a G-I development.

## BOOSTERS ARISE!

There will be a meeting of the Wilmington Boosters at the Senior High School Cafeteria Thursday evening at seven p.m. This is considered an important meeting, and we are hoping to see a good turnout. We, the Boosters, must get busy with the planning of the Spring Supper, and we need the help of you, The Boosters! We are all working in the same interests, and it is for the benefit of you, the youth of Wilmington that we extend our hands.

With the baseball season well under way, we are staring the Spring days in the face, even if it is a bit difficult to convince Mother Nature of this one of these days she will awaken to this fact, and it will be a day very soon at hand.

We wish very much to keep our word to all of the Athletes who carry our school colors on to the various fields of the surrounding townships, and who come home victorious. We will all want to be part of the plant at times like these, and the best way to show our school spirit is to support our Boosters.

We want to be a group that will be remembered years from now; as a group of staunch backers, that brought our teams through one of the most successful years they have enjoyed in many years.

The success, or failure of the Boosters rests with you, the young people, and the young at heart, who do not let the teams down.

See you Thursday at Seven; Place: High School 'Cafe'.  
Bob Hastings, President

**CONGREGATIONAL NEWS**

The Church Committee will meet in the parish house on Thursday at 8:00 pm with all who are uniting with the Church on Easter. The minister will speak on the background of the Church, and a social hour will follow the meeting.

Boy Scouts on Friday at 7 pm.

The usual services will be held on Sunday morning. At 5:00 pm the church choir will render Maundy's 'Olivet to Calvary' at a special service to which the public is cordially invited. Meetings of the Quaintance Club and Fireside Fellowship will follow.

The Women's Bible Study Class will meet next Wednesday at 10:00 am and final Lenten service for young people will take place at 1:30pm.

On account of Holy Week the monthly meeting of the L.B.S. will be postponed until Wednesday, April 9th. A noted speaker will come to this meeting under the auspices of the L.B.S. Missionary Committee.

Further events in Holy Week will be the Maundy Thursday Communion service at 7:30 pm and a union Good Friday service in the Congregational Church at 8:00 pm.

On Easter the Fireside Fellowship will hold a sunrise service at 5:15 am followed by a buffet breakfast. The Quaintance Club will meet for breakfast at the parsonage at 7:30 am. There will be no sessions of the Church School. Identical Easter services will be held at 9:30 and 11:00 am with reception of new members at the 11:00 am service.

**CONGREGATIONAL CHURCH TO HAVE  
SPECIAL MUSICAL SERVICE PALM  
SUNDAY AFTERNOON**

The sacred cantata 'Olivet to Calvary' will be presented on Palm Sunday afternoon at 5:00 o'clock at the Congregational Church, Wilmington, by the church choir of twenty-four voices, as a special musical service commemorating the beginning of Holy Week.

'Olivet to Calvary', composed by the English church composer J. H. Maundy, to a text arranged and written by Shapcott Wensley, recalls the events of Christ's last few days before the Crucifixion. The rejoicing of the multitude with hosannas and palms, the view of Jerusalem from Olivet, the lament over the city, the scene in the temple, the lonely return over the mountain at night, are the chief features of the first part. Part Two opens with the Supper of the Passover, and passes to the pathos of Gethsemane, the appearance of the hostile crowd, the forsaking of Jesus by his disciples, the judgment before Pilate, the tragedy and triumph of Calvary.

The cantata is for chorus, with tenor and baritone solo parts. Guest soloists will be Richard Joaquim, tenor, soloist of the Boston University Chapel, and John H. Ring, baritone, of the choir of Trinity Church in Boston.

'Olivet to Calvary' is a dramatic and reverent work, and has become one of the best loved of Lenten cantatas.

The public is cordially invited to attend this musical service.

**DRAINAGE PROBLEMS  
FACE SELECTMEN**

The Board of Selectmen, over the weekend, faced with a disastrous condition on Patricia Circle, newly accepted by the town (under Betterments) declared an emergency condition and ordered graders to work Sunday so as to make the street passable. Muck was pushed aside and replaced with gravel. It was reported that a young lady, in a post-operative condition, was in urgent need of medical attendance.

Complaints were received concerning other streets as well, complaints which were turned over to the Town Engineer.

YOUTH COMMITTEE PLANS  
APRIL DANCE

The newly formed Youth Committee made plans for a dance April 11 at its first formal meeting held at the Roman House Sunday, March 23. Elected as acting chairman of the group was Connie Phillips of Ballardvale Street.

The School Committee voted Monday night to allow the Youth Committee the use of the High School Gymnasium April 11 for the purpose of holding a dance for teen-agers. Spokesman for the group was Robert Hastings. He explained to the School Committee that his group is trying to start organized recreation for teen-agers, such as already exists in Andover, Lynnfield Center, Tewksbury, and North Reading. School Committee members individually expressed approval of the idea, and as a committee voted to permit use of the H S gym without charge for this first public activity.

LITTLE LEAGUE PLANS FOR  
200 PLAYERS THIS YEAR

Registration Saturday Eve  
Wilmington's Little League has expanded its program for 1958, in order to take care of more of the Wilmington youngsters who wish to play ball. Playing berths for 200 players will be available under the new program.

Registration of Little Leaguers is to take place in the High School Cafeteria Saturday at 7 pm.

All Little League aspirants must be accompanied by a parent. There will be refreshments and Boston Red Sox movies after the business meeting.

## New Program

The new program of the Wilmington League includes four major teams, six minor teams and a clinic, where boys who have never played baseball or have not had sufficient coaching may have training.

New uniforms are being provided this year for all the major league teams, and the minor league teams.

There are some new sponsors for the Wilmington Little League. They will be made known at the Little League Meeting.

## Age Limits

Boys who will be 9 years old by August first, and who will not be more than 13 years old by August first are eligible to play in the Wilmington Little League.

the Wilmington Girl Scouts have been chosen by the Greater Lowell Council to take part in the Girl Scout Council Rally in Lowell on April 27th.

The two troops were chosen by the Girls Planning Committee from all the intermediate troops in the Lowell Council.

All the troops were asked to submit tableaux depicting the ten Girl Scout Laws as they influence the everyday life of a Scout, and Troop 108 was chosen to do the first law: -

'A Girl Scout's Honor is to be Trusted' while Troop 106 was chosen to do the Tenth Law: - 'A Girl Scout is clean in thought, word, and deed'.

The main speaker of the afternoon will be Miss Oleda Schrettsy, of New York City.

The program will be enlivened by a number of Girl Scout songs.

## CUB SCOUT PACK 58

The Cub Scouts of pack 58 will have their regular monthly meeting on Friday, March 28 at the Silver Lake Betterment Association Hall at 7 p.m.

The theme for this month is 'Exploring Alaska'. The Cub Scouts have prepared an interesting display. The Committee-men are planning to show movie taken at previous pack meetings, and have also planned what promises to be a very enjoyable game period.

## FALSE ALARM

A fire alarm call for the corner of Middlesex Avenue and School turned out to be a false alarm, on March 21st. The signal had been pulled by two boys who were playing.
